Agnihotra (Healing Fire)
THE ANCIENT SCIENCE OF PURIFICATION AND HEALING

We all want to be happy. We want to be happy now and always. This happiness could be expanding always. This statement could describe our everyday quest for all of us. This is a reasonable or realistic expectation or goal. How could this happiness be attained? This search for happiness through the science of Agnihotra is the subject of our discussion today. The answer to the search for happiness lies in the Vedas as the science of Agnihotra. A very simple procedure of Agnihotra is the answer to almost all the present perils of mankind. When one starts to practice Agnihotra, the knowledge and experience will be unfolded from within. Agnihotra will help one to become a better member of the family or society. One becomes a more righteous Christian, Jew, Buddhist, Muslim, Hindu, Zoroastrian, Sikh, Jain etc. whatever may be one’s faith. Because Agnihotra is a science, one should believe one’s experience. This is the approach of the true scientist.

‘Agni’ or fire is an expression of universal power or energy on an understandable human level. Fire and its Shakti (power) are inseparable. Hence, this fire is the expression of the Almighty that any human being can relate to or understand. It is meant for all mankind. Any being that has the ability of speech can perform Agnihotra. Every human being has a birthright to seek salvation & Agnihotra is the first step. Happiness is an activity or projection of each one’s mind. Hence, this self-perception of happiness becomes one’s own reality; however, ”The Truth” may be far different. Thus, the perceived happiness is merely a play of the mind. To understand the total well being of any person, the mind has to be addressed. The mind and prana (breath) are inseparable just as two sides of a coin. Agnihotra impacts both mind and breath. Agnihotra gives the mind a sense of genuine contentment and ability to react with Love. Agnihotra helps replace self-serving love with love that is unconditional without judgment or qualifications.

The first step of this journey towards Joy is Agnihotra.

• AGNIHOTRA is for all humanity from ancient most Vedic sciences of bio energy, medicine, agriculture and climate engineering.
• Irrespective of race, language, religion Agnihotra is for theist or atheist alike because this is science.
• Agnihotra is the shortcut to our quest for happiness and Love.
• Agnihotra is the process of purification of the atmosphere through the agency of fire prepared in a copper pyramid tuned to the biorythm of sunrise/sunset. Phenomenal explosion of divine energies occur and you can literally measure those with a simple multi meter. These explode into the entire universe, immediately giving us immense results.
• By practice of Agnihotra you will notice that tension on mind starts to disappear and you begin to experience peace and well being.

EFECTS OF AGNIHOTRA

Upon Agnihotra tremendous energies are concentrated around the copper pyramid. In simple words neutralizes negative energies and reinforces positive energies. Energy from Agnihotra neutralizes harmful radiation in the atmosphere on a subtle level. Thus Agnihotra trusts phenomenal energies into the atmosphere.

MATERIALS FOR AGNIHOTRA
1. PYRAMID: A copper pyramid of specific size as electcities, energies, ethers are attracted to the pyramid.
2. RICE: Preferably whole grains of rice be used.
3. GHEE: Made from unsalted cow’s butter.
4. COW DUNG: Dried chunks or pieces of cow dung. Available in USA. Cow dung is treated or used as medicine in ancient cultures such as Indians of North or South America, Scandinavians, East or West Europeans, Africans or Asians.
5. MANTRA: Mantra is a very very powerful voice/thought combination that is projected and interacts in the entire Agnihotra process.

PROCESS OF AGNIHOTRA
• Start the fire few minutes ahead of time have ready rice grains smeared with ghee. Just enough that you can hold in the tip of five fingers. It is unlike rice morsel we eat, that is many times bigger.
• At sunset; first sunset mantra and 1st offering, then, 2nd mantra and second offering. At sunrise; first sunrise mantra and first offering, then, 2nd mantra and second offering.
Now repeat the mantra morning and evening.

Agnihotra Mantras –
At Sunset: 1. Agnaye Swaáhá - Agnaye Idam Na Mama
Prajápataye Swaáhá - Prajápataye Idam Na Mama

At Sunrise: 1. Sooryáya Swaáhá - Sooryáya Idam Na Mama
Prajápataye Swaáhá - Prajápataye Idam Na Mama

THE NATURE OF AGNIHOTRA
• Agnihotra not only renews the brain cells, but purifies the whole psychosomatic man in holistic way.
• Harmful radiations of all sorts are neutralized when one is in Agnihotra environment.
• Agnihotra realigns the nature and all pulmonary and circulatory systems and has a nourishing effect on the nervous system.
• When plants are placed in Agnihotra extraordinary growth of the whole plant along with flowers and fruit is of common happening.
• The Agnihotra pyramid made of copper has a scientific basis using dried cow dung and ghee when the fire is lit and 2 offerings of rice is made in the fire with mantra, there occurs an immense explosion of nourishing energy which transforms pollutants to nourishment.
• It is by virtue of 1) the pyramid 2) cow dung 3) ghee (clarified butter) 4) the offering 5) the mantra (just two) done precisely at the sunrise/sunset is Agnihotra.
• So much more could be said, yet best if experienced and believe your own experience.
• Anyone can do Agnihotra, young and old irrespective of one’s faith, only to further bolster one’s faith.
• We all seek love, well being and fulfillment in our life, Agnihotra is a great material aid.

Meeting Sadguru:

In 1957 the auspicious moment occurred when he met with his Sadguru when loop is closed in a perfect union. Since then, there was nothing that young Mohan could not achieve and nothing that he did not succeed that he laid his hands on. He was selected in Public Service Commission, a prestigious selection in national administrative cadre. He graduated from University of Bombay and did his Masters in International Business management in Delhi with distinction. He was well settled in India, highly energetic, motivated, had the spark of the divine radiating all the time. Soon he was introduced to married life, grhasta ashram, as a householder had two children. He attained Savikalpa Samadhi and Nirvikalpa Samadhi between the childhood:

He grew up in Alandi near Pune, as his father served as Chief of the local municipality. His favorite pastime was playing as any normal child would. St. Gnaneswar’s mandir was close to his home; he went there every day and called upon St. Gnaneswar to come play with him. He would call HIM as ‘Mauli’. So did St. Gnaneswar would appear as a little boy and they played in the temple premises till it was time for him to go home on his mother’s calling.

Born as the first child to the divine parents Shri Sambajirao and Smt Janakibai, the birth was foretold to his mother who went through severe austerities bearing this child. He was a born yogi. His birth place is in a small town called Mahalunga in his maternal grandfather’s village that is 6 miles from Alandi where Saint Dnyaneshwar Maharaj’s smadhi is. There also is the temple of Siddheshwar Mahadev. The maternal grandfather and his aunt Radhabai are disciples of Shripati Baba Maharaj. Baba Maharaj was a disciple of Shri Swami Samartha of Akkalkot and a brother disciple of Balappa Mahjaraj. His mother had the first born in her parent’s home as any daughter for first born. Shripati Baba Maharaj & his grandfather’s sister spent many years with Shri Swami Samarth of Akkalkot. Finally Shri Baba Maharaj was one of those few who placed Shri Swami Samarth in the cave where his Samadhi Math still exists. There after Shri Baba Maharaj and his grandfather and aunt Radhabai traveled with Balappa Maharaj all over India and Burma now called Mynamar. This part was confirmed by Param Sadguru Shree when Shri Sardeshmukh at Gurumandir asked P. S. Shree as to why Mohan was so dear to HIM.

HE SAYS IT IS THE MESSAGE, NOT THE MESSENGER THAT IS IMPORTANT.

In early 70s his purpose to go abroad and to take Five Fold Path to the world was revealed by his Sadguru Shree Gajanan Maharaj. He settled in USA facing many hardships as all the doors to go back were closed. He raised his family in USA, all the while staying focused and staying strict with his disciplines. Since past 30 years he has been traveling all across the globe guiding humanity at large as ordained by his Sadguru.

Despite several difficulties the only questions that he asked himself why I came to the holy lotus feet of Sadguru, that helped him stay focused on his goal.

Mission:
He guides seekers to live per the eternal Vedic principles to achieve ever expanding happiness, success in life and also how to achieve salvation in this modern day living. This is the divine path that has guided the great Sages or Brahmarshis. This knowledge is for all humanity.

I am honored to introduce Guruji Shree Mohan Jadhav from New Jersey.

He tirelessly travels around the world telling/revealing as to why despite what we have and what we don’t have… how we could be happy now and here and ever after…

This is HIS message - the message of the Almighty God if we like to call Him… 😊

Irrespective of what faith or in what part of the world we may be… how we can achieve at least minimum happiness now and ever expanding.

He calls himself “Dharma Bhikshu” knocking on people’s doors asking for Bhikha...

What that “bhiksha” is it is best to hear it from Him…
